Editorial Index: Vol. 59, 1970

AMERICAN DYESTUFF REPORTER

ARTICLES

AATCC Conference Exhibitors (Floor Plan and Company List) Oct. 43

AATCC Conference Opens Nov. 4 in Atlanta Oct. 42

Acrylic Emulsions for Bonding Dry Laid Nonwovens (Logue) Aug. 33

Advances in Wool Research Detailed at Int'l Meeting Oct. 37

Advances in Wool Research Detailed at Int'l Meeting (Part II) Nov. 38

Atlantic Dyestuffs Opens New Facilities in Greensboro and Chattanooga Sept. 44

Automatic Batch Control for the Modern Dyehouse (Hindman, West) Nov. 29

Automatic Control Boosts Mill Output, Cuts Costs (Wallace) Nov. 36

Automating Pressure Package Dyeing with a Punch Card Cycle Controller (Withey) Nov. 35

Basic Dyeable Polyester: Problem-Solving Tips (Abrahams) Oct. 36

Basic Quality Control for the Bleachery (Patton) Oct. 36

Batch Dyeing by Computer Becomes Reality April 34

Bleaching Today: A Status Report (Rowe) May 22

Canada's First Computerized Dyehouse Now On Stream at Bruck Mills (Miller, Maddocks) Nov. 26

Carbamate Agents with Low Formaldehyde Release for Post-Cure Durable Press (Reid, Kullman, and Reinhart) June 26

Carpet Equipment Status Report: Burlington's Hy-Pressure Beck June 22

Carpet Experts Rate Technological Advances, How June 24

Carpet Industry Meets in Las Vegas June 19

Carpeting the Name's the Game, In June 21

Chemically Stabilized and Wrinkle-Resistant Cotton Circular Knits (Kottes Andrews, Frick, and Reid) July 40

Coming Age of Flameproofing, The, (von Sternberg) March 45

Continuous Solvent-Based Finishing (Meier-Windhorst) Jan. 28

Crosslinking Pretreatments of Greige Fabric for Improved Drying Properties of DP Cotton (Calamari, Schreiber, Reeves, and Cooper) June 35

Current Techniques for Backing Tufted Carpet (Sterrett) Feb. 25

D-E

Direct Digital Control of Batch Dyeing Processes (Stutz) Nov. 22

Disposables—Big Growth, Big Target Aug 28

Double Knit Wool Blends for Durable Press Applications (O'Connell, Pardo, and Fong) July 28

Durable Flame Retardant Finish for Cotton Using Cyanamid-THPC Resins, A (Normand, Donaldson, and Drake) Sept. 46

Dyeing and Finishing Knit Structures in the Seventies (Johnson) July 33

Dyeing Textured Polyester Knits: Profits or Problems? (Tye, Hartnett) July 23

Dyeing Trends for the Seventies (Loughlin) April 21

Dynel Fabrics for Heat-Shaped Applications (Posten) Jan. 40

Easily Controlled Method for Mineral Dyeing Fabrics (Hamalainen, St. Mard, Cooper, and Reeves) April 28

Editorial Index: 1969, Vol. 58 Feb. 37

Effect of Polyvinyl Alcohol on Textile Finishes, The (Harper, Blanchard, and Donoghue) Dec.(II) 15

Efficiency of Phosphorus-Containing Compounds for Inhibiting Afterglow in Cellulose Fabrics (Sather, Richards) March 21

Evaluation of Surfactants for the Textile Mill (Moore) July 46

F

Fabric Preparation: A Special Report (Williams, Donermeyer, and Hoyer) May 26

Finishing Knits of Packaged Dyed, Textured-Set 'Dacron' Polyester Fiber (Pratt) Oct. 27

Flame-Retardant Cottons Using Phosphorus-Containing Triazines (Moreau, Chance) May 37

Flammability, Solvent Processing Featured at TRI Meeting May 30

Flocking: How to Avoid Common Problems (Astle) July 44

H-I-L

Heat Printing of Knits: Status Report July 38

Imparting Weather- and Rot-Resistance to Cotton Fabric by Treatment with Thiotriphenyllead (Donaldson, Drake, Guice, and Normand) Sept. 36

Investigation of Intumescent Fabric Coatings for Protection Against Thermal Radiation and Flame (McNair, Stapler) March 27

Latex Compounds for Scatter Rug and Broadloom Carpet Mills (Bonnitt) Feb. 31

Lignin-Derived Dispersants for Formulating Disperse Dyes (Prazak) Nov. 44

M-N-O

Machine and Process Development for Solvent-Based Finishing (Sieber) Oct. 44

Measuring Yarn Moisture in the Dyehouse (Johnson) Nov. 31

Mercerization Preparation for Durable Press Cotton Fabrics (Hoffman, Moore, and Cooper) June 39

Miniatures Rule the Range at Genesco (Hairston, Hurley) Nov. 32

Mixed Catalysts for Cellulose Crosslinking Reactions (Pierce, Boudreaux, and Reid) May 50

New Fire-Safety Standard for Carpets Affords Users Meaningful Protection (Paules) ..... Aug. 37
New Product Review ..... Dec. (I) 19
New Product Review Addenda ..... Feb. 46
Noise Pollution—How to Reduce it and Save Money (Handley) ..... Aug. 22
Oxidizer/Alkali Monitor Introduced by FMC and Uster (Lynn) ..... Jan. 36

P-Q

Pilot Plant Studies of Mixtures of Domestic and Dyehouse Wastes (Shindala, Cullinane) ..... Aug. 15
Plant Grows in Brooklyn, A ..... July 23
Polymerization of Acrylic Compounds on Cotton Fabric (Frick, Gautreaux) ..... Dec. (I) 40
Punch Card Dye Control Aids Southern Mill (Olson) Nov. 30
Quality Control in Computer Dyeing (Norwick) ..... Oct. 32

R-S

Rabbit Out of the Hat (von Sternberg) ..... Oct. 35
Recent Developments in the Chemistry of Disperse Dyes and Their Intermediates (Muller) ..... March 38
Six Flock Questions Answered (Swiss) ..... July 46
'69 Review/Forecast '70—Another View (Lazarus) .. Feb. 46
Search for All-Cotton DP Goes on: Sun's Goldstein .. June 25
Slitter-Opener-Tenter Debuts ..... July 37
Solvent Finishing of Knitwear (Honour) ..... Jan. 34
State-of-the-Art Report: Flame Retardant Fibers, Fabrics and Polymers (Part I) (Heffner) ..... Sept. 40
State-of-the-Art Report: Flame Retardant Fibers, Fabrics, and Polymers (Conclusion) (Heffner) ..... Oct. 58
STE Report ..... Dec. (II) 11
STE '70—Floor Plan of the Greenville Show ..... Sept. 21

T-W

Tanatex Opens New Plant ..... Sept. 43
Textile Coating: A 'Scientific Art' (Robinson) ..... April 36
Textile Printing: A State-of-the-Art Review (Muhlberg) ..... May 15
Textile Printing Machinery Suppliers Guide ..... May 20
Textile Processing with Chlorinated Solvents (Souther) ..... Jan. 23
Throngs Pack AATCC Conference ..... Dec. (II) 14
26th Southern Textile Exposition-International—Alphabetical Listing of Exhibitions of Interest to Wet Processors ..... Sept. 25
What's Ahead in Bonding and Laminating (Howard) ..... Feb. 33
What's the Score in Textile Printing? ..... May 18
World of His Own, A ..... Aug. 20
Worldwide Synthetic Fiber Trends (Poisson) ..... April 40

SUBJECTS

AATCC Conference, Throngs Pack ..... Dec.(II) 14
Acrylic Compounds on Cotton Fabric, Polymerization of (Frick, Gautreaux) ..... Dec. (I) 40

B

Batch Control, Automatic, for the Modern Dyehouse (Hindman, West) ..... Nov. 29
Bleachery, Quality Control for the (Patton) ..... Oct. 36
Bonding and Laminating, What's Ahead in (Howard) ..... Feb. 33
Burlington's Hy-Pressure Beck, Carpet Equipment Status Report: ..... June 22

C

Carpet, Tufted, Current Techniques for Backing (Sterrett) ..... Feb. 25
Carpeting, In, the Name's the Game ..... June
Carpets, New Fire-Safety Standard for, Affords Users M ingful Protection (Paules) ..... Aug
Cellulose Crosslinking Reactions, Mixed Catalysts for (Pie Boudreaux, and Reid) ..... May
Cellulose Fabrics, Efficiency of Phosphorus-Containing C pounds for Inhibiting Afterglow in (Sather, Richards ..... March
Computer, Batch Dyeing by, Becomes Reality ..... Apr
Computer Dyeing, Quality Control in (Norwick) ..... Oct
Computerized Dyehouse, Canada's First Now On Strean Bruck Mills (Miller, Maddocks) ..... Nov
Cotton Fabric, Polymerization of Acrylic Compounds (Frick, Gautreaux) ..... Dec. (I
Cotton, Chemically Stabilized and Wrinkle-Resistant, Circ Knits (Kottes Andrews, Frick, and Reid) ..... July
Cottons, Flame-Retardant, Using Phosphorus-Contai Triazines (Moreau, Chance) ..... May
Crosslinking Reactions, Mixed Catalysts for Cellulose (Pie Boudreaux, and Reid) ..... Ma

D

Digital Control, Direct, of Batch Dyeing Processes (S ..... Nov
Disperse Dyes and Their Intermediates, Recent Developm in (Muller) ..... Marc
Disperse Dyes, Lignin-Derived Dispersants for Formula (Prazak) ..... Nov
DP, All-Cotton, Search Goes on: Sun's Goldstein ... Jun
DP Cotton, Crosslinking Pretreatments of Greige Fabric Improved Drying Properties of (Calamari, Schrie Reeves, and Cooper) ..... Jun
Durable Press Applications, Double Knit Wool Blends (O'Connell, Pardo, and Fong) ..... Jul
Durable Press Cotton Fabrics, Mercerization Preparation (Hoffman, Moore, and Cooper) ..... Jun
Durable Press, Post-Cure, Carbamate Agents with Formaldehyde Release for (Reid, Kullman, and hart) ..... Jun
Dye Control, Punch Card, Aids Southern Mill (Olson) ..... Nov
Dyeable Polyester:, Basic, Problem-Solving Tips (Abraha ..... Oct
Dyehouse Wastes, Pilot Plant Studies of Mixtures of mestic and (Shindala, Cullinane) ..... Aug
Dyeing, Batch, by Computer Becomes Reality ... Apr
Dyeing Fabrics, Mineral, An Easily Controlled Method (Hamalainen, St. Mard, Cooper, and Reeves) Apr

F

Fiber, Synthetic, Worldwide Trends (Poisson) ..... Apr
Finishing, Continuous Solvent-Based (Meier-Windhorst) ..... Jan
Finishing, Dyeing and, Knit Structures in the Seve (Johnson) ..... Ju
Flame, Investigation of Intumesecent Fabric Coatings Protection Against Thermal Radiation and (Mc Stapler) ..... Marc
Flame Retardant Fibers, Fabrics and Polymers Part I, S of-the-Art-Report: (Heffner) ..... Sept
Flame Retardant Fibers, Fabrics, and Polymers, Conclu State-of-the Art Report: (Heffner) ..... Oc
Flame Retardant Finish, A Durable, for Cotton Using C mid-THPC Resins (Norman, Donaldson, and D ..... Sept
Flameproofing, The Coming Age of (von Sternberg) ..... Marc
Flock Questions Answered, Six (Swiss) ..... Ju

I-K-M

Index:, Editorial, 1969, Vol. 58 ..... Fe
Intumescent Fabric Coatings, Investigation of, for Prote Against Thermal Radiation and Flame (McNair, Sta ..... Marc
Knit Structures, Dyeing and Finishing, in the Seventies (son) ..... Ju

Knit Wool Blends, Double, for Durable Press Applications (O'Connell, Pardo and Fong) ..... July 28
Knits, Circular, Chemically Stabilized and Wrinkle-Resistant Cotton (Kottes Andrews, Frick, and Reid) ..... July 40
Knits, Finishing of, Packaged Dyes, Textured-Set "Dacron' Polyester Fiber (Pratt) ..... Oct. 27
Knits:, Heat Printing of, Status Report ..... July 38
Knits:, Textured Polyester, Dyeing, Profits or Problems? (Tye, Hartnett) ..... July 23
Knitwear, Solvent Finishing of (Honour) ..... Jan. 34
Mineral Dyeing Fabrics, An Easily Controlled Method for (Hamalainen, St. Mard, Cooper, and Reeves) ..... April 28

N-P

Nonwovens, Bonding Dry-Laid, Acrylic Emulsions for ..... Aug. 33
Phosphorus-Containing Compounds, Efficiency of, for Inhibiting Afterglow in Cellulose Fabrics (Sather, Richards) ..... March 21
Phosphorus-Containing Triazines, Flame-Retardant Cottons Using (Moreau, Chance) ..... May 37
Polyester Knits:, Dyeing Textured, Profits or Problems? (Tye, Hartnett) ..... July 23
Polyvinyl Alcohol on Textile Finishes, The Effect of (Harper, Blanchard, and Donoghue) ..... Dec. (II) 15
Pressure Package Dyeing, Automating with a Punch Card Cycle Controller (Withey) ..... Nov. 35
Printing:, Textile, A State-of-the-Art Review (Muhlberg) ..... May 15
Printing, Textile, Machinery Suppliers Guide ..... May 20
Printing?, Textile, What's the Score in ..... May 18

S

Solvent-Based Finishing, Continuous (Meier-Windhorst) ..... Jan. 28
Solvent-Based Finishing, Machine and Process Development for (Sieber) ..... Oct. 44
Solvent Processing, Flammability, Featured at TRI Meeting ..... May 30
Solvents, Chlorinated, Textile Processing with, (Souther) ..... Jan. 23
Surfactants, Evaluation of, for the Textile Mill (Moore) ..... July 48

T

Textile Finishes, The Effect of Polyvinyl Alcohol on ..... Dec. (II) 15
Textured Polyester Knits:, Dyeing, Profits or Problems? (Tye, Hartnett) ..... July 23
Thermal Radiation and Flame, Investigation of Intumescent Fabric Coatings for Protection Against (McNair, Stapler) ..... March 27
TRI Meeting, Flammability, Solvent Processing Featured at ..... May 30
Tufted Carpet, Current Techniques for Backing (Sterrett) ..... Feb. 25

W-Y

Weather- and Rot-Resistance to Cotton Fabric by Treatment with Thioethyltriphenyllead, Imparting (Donaldson, Drake, Guice, and Normand) ..... Sept. 36
Wool Blends, Double Knit, for Durable Press Applications (O'Connell, Pardo, and Fong) ..... July 28
Wool Research, Advances in, Detailed at Int'l Meeting ..... Oct. 37
Wool Research, Advances in Described at Int'l Meeting (Part II) ..... Nov. 38
Yarn Moisture, Measuring in the Dyehouse (Johnson) ..... Nov. 31
